Import UKBankCustomers.csv file.

The screenshot displays a data visualization tool interface. On the left, the 'Data' tab is active, showing a table named 'Uk Bank Customers'. Below the table name is a search bar and a filter icon. A list of fields is shown, including 'Customer ID', 'Date Joined', 'Gender', 'Job Classification', 'Name', 'Region', 'Surname', and 'Measure Names'. Below this list, there are fields for 'Age', 'Balance', 'Uk Bank Customers.csv (C...', and 'Measure Values'. On the right, the 'Marks' card is visible, showing a dropdown menu set to 'Automatic' and icons for 'Color', 'Size', 'Text', 'Detail', and 'Tooltip'. The 'Columns' and 'Rows' shelves are empty. The main area is labeled 'Sheet 1' and has a 'Drop field here' prompt.

Values are either numerical or text fields.
Drag and Drop Region on View.
